

ConTExT

The background of the cover is a dense, overlapping pattern of stylized document icons. Each icon is a rectangle with a white border and a gray fill, containing several horizontal lines representing text. The icons are arranged in a way that they appear to be floating or overlapping each other, creating a textured, layered effect.

title : ConTExT User Module
subtitle : For French documents
author : Peter Münster
date : April 15, 2008

This module tries to do similar things as the frenchb.ldf in LaTeX:

- automatic space before » and after «, :, ?, ; and !
- changing symbol for itemize environment

```

1 \writestatus{loading}{Typesetting French documents}
  \doifnotmode{mkiv}{\writestatus{error}{needs luatex}\wait\end}

2 \startlanguagespecifics[fr]
  \setcharacterspacing[frenchpunctuation]
  \setupitemize[symbol=2]
  \lccode`\'=\`'
  \stoplanguagespecifics

3 \appendtoks
  \doresetattribute{spacing}% todo: \setcharacterspacing[reset]
  \setupitemize[symbol=\itemlevel]%
  \to \everyresetlanguagespecifics

4 \mainlanguage[fr]

5 \doifnotmode{demo}{\endinput}

```

Usage example:

```

6 \def\myItems{%
  \startitemize
  \item test
  \item test
  \startitemize
  \item test
  \item test
  \startitemize
  \item test
  \item test
  \stopitemize
  \stopitemize
  \stopitemize}

7 \usemodule[french]

8 \starttext
  Voilà: Voilà? Voilà! Voilà;
  {\en some english text: «English» or \quotation{French}, ok?}
  «voilà» \quote{voilà} \quotation{voilà}
  \myItems
  \en
  \myItems
  \stoptext

```
